

SPONSORSHIP CATEGORIES

The 2020 50th IEEE/IFIP International Conference on Dependable Systems and Networks (DSN 2020) will be a unique meeting point for scientists and professionals interested in ensuring acceptable levels of dependability and security in their solutions. The event will offer many benefits to sponsors with interests related to dependable and secure computing, such as:

- Visibility on the website and along the dissemination actions of the conference.
- Visibility to the participants.
- Possibility of promoting the company with the presentation of information about its products and solutions.
- Opportunity to get in direct contact with potential clients and expose company products and solutions.

In order to adapt to the different needs of companies and institutions, various modalities of sponsorship have been defined.
